

Please add the short cut for it on your home screen. The mobile functions the same way as the actual app.

Android (Chrome Browser)

◆ **Step-by-Step**

1. **Open Chrome**

Launch the Chrome browser on your Android phone.

2. **Go to the Portal**

Visit:

<https://portal.npsinternational.onengagecloud.com/default.aspx>

3. **Tap the Menu (3 Dots)**

4. **Tap "Add to Home screen"**

5. **Name the Shortcut**

Example: NPS Engage

Then tap **Add**

6. **Confirm Addition to Home Screen**

You'll see a confirmation. Tap **Add** again if prompted.

✅ **Done!** You'll now see the shortcut on your home screen.

iPhone/iPad (Safari Only)

◆ **Step-by-Step**

1. **Open Safari**

(Do **not** use Chrome; only Safari supports this on iOS.)

2. **Go to the Portal**

Visit:

<https://portal.npsinternational.onengagecloud.com/default.aspx>

3. **Tap the Share Button (Box with Arrow Up)**

4. **Scroll Down & Tap "Add to Home Screen"**

5. **Rename if Needed and Tap Add**

Example name: NPS Engage

✅ **Done!** The icon will now appear on your iOS home screen.
